Summer 2023

VACATION BIBLE SCHOOL

We had 5 kids join us for VBS this June. The theme was "**A Journey with Joseph**" We had a great time making our own multi-colored coats, playing silly games outside, learning new songs, and watching the volunteers do skits. The food was themed and yummy! We left knowing this truth:

**GOD IS GOOD,
ALL THE TIME!**

In Fall of 2023 we will be starting a new hands-on curriculum written especially for our kids. This new curriculum will combine the best practices of our teachers, continuing education I have received, and research into all the different ways kids interact with God.

I am very excited to start this! I am writing it in a way that should not take a lot of prep time for the teachers. Each week will include prayers, Bible story, craft, and a song or game. I plan to introduce some of the Episcopal tradition as well. If you would like to be part of our team, please contact me!

All of the volunteers working with youth 0-18 yrs need to be certified in **SAFE CHURCH**. This is an online training that help teach adults signs of abuse, prevention, and how to keep both children and adults safe.

If you are a volunteer with kids under 19yrs, you must be certified. Our church requires anyone over 16. For Christian Ed. I request that anyone 12 or older take the course.

It is fast & easy! I just need your name and email to sign you up!

Sunday School Open House!

August 13th will be a sneak peak at all of our education offerings for children ages 4-12yrs. We will enroll families, have a craft for the kids, see the classrooms, and talk to volunteers.

Sunday School will be from 10:30-11:30am. This year we will provide snacks so the children can come straight from church.

Please come visit our table downstairs or the classrooms upstairs. We can't wait to see you!!
